I have done bachelor's degree in pharmaceutical chemistry . I have decent knowledge of chemistry. I have done projects, work shops and several assignments as a student of pharmaceutical chemistry. I am doing master's in chemistry. I have written several articles regarding chemistry. I am enthusiastic about learning new things. I have good management, analysis, observation and research skills and I like to do editing work . Therefore I can provide good quality of work with the help of above experience, skills and knowledge.

## Personal Details

---

**Date of Birth:** 2001-11-03

**Eligible to work in:** India

**Highest Career Level:** Fresher

**Industry:** Education & Instruction, Pharmacy, Scientific Research & Development

## Work Experience

---

### Technical Academic writer

Lambdageeks - Ujjain, Madhya Pradesh  
November 2022 to Present

I have learnt that content writing is not just about writing an engaging content but you have to write content which is relevant and authentic according to SEO. Using keyword for better search results, H1 should be relevant so it will appear in search list. Content editing and marketing is another aspect which a writer should keep in mind while creating a content.

### Subject Matter Expert (SME)

Olbuiz group ( infinity learn) - Ujjain, Madhya Pradesh

I am learning a lot of things like quick response to the question. Keeping communication to students if it's taking time or if they have any other doubt. Time management is a key for good rating.

## Education

---
