## WORK EXPERIENCE

### LAB TECHNICIAN

Government Medical College Baramulla  
Jammu and Kashmir UT , India

07/2020 - Present

#### *Achievements/Task*

As an experienced lab technician with three years of hands-on experience, I possess a solid foundation in laboratory techniques, attention to detail, analytical skills, and a commitment to maintaining high standards of quality and safety. My expertise and proficiency in laboratory operations make me a valuable asset in delivering accurate and reliable results that contribute to exceptional patient care.

As a COVID warrior during the COVID-19 pandemic, I have demonstrated unwavering dedication, bravery, and resilience in protecting public health and safety. My selfless actions, whether as a healthcare professional, essential worker, volunteer, or advocate, have made a significant difference in the battle against the virus.

### EXPERT Q&A

Chegg India'

09/2022 - Present

#### *Achievements/Task*

As an expert Q&A tutor with over six months of experience, I possess a deep understanding of various subjects, strong analytical skills, and effective communication abilities. My commitment to helping others and providing accurate, well-researched answers has solidified my reputation as a trusted resource in the realm of Q&A tutoring.
